

## Manual And Metered Glue Applicators

Spectrum is an industrial adhesive company dedicated to the needs of the Wood Products Industry. In addition to the proper adhesive, our promise of better gluing often requires the proper process. There is a wide gap between fully automatic equipment and the use of hand held squeeze bottles. In an effort to fix this, Spectrum Adhesives offers highly functional, affordable and scalable application equipment.

### **Better Gluing Through Consistent Application of Adhesive**

**Handheld Spreaders**  
**Manual & Metered Systems**  
**Guided Semi-Automatic Systems**

# Handheld Spreaders

Handheld spreaders offer a simple, yet dramatic, upgrade from “paint rollers”. The handheld, hopper spreaders, offer faster, more consistent, adhesive spread for lay-up work with water based adhesives.

## Handheld Spreaders

Grey Closed cell rollers (also available with orange open cell foam)

Closed Cell	Open Cell	Size mm	Size In.	Price
PF-40G	PF-40S	40mm	1.5"	\$214.
PF-75G	PF-75S	75mm	3.0"	\$225.
PF-150G	PF-150S	150mm	6.0"	\$302.

# Manual & Metered Systems

The portable pressure tank systems offer a modular design that improves adhesive application through ease-of-use and consistency. The manual systems, combined with the appropriate nozzle(s) offer increased efficiency and productivity for veneering, edge, and face gluing. The metering systems offer increased consistency for certain assembly applications (e.g. doweling).

## 2 gallon System\*

Tank only,

PZ-9000- \$595

Complete system—Manual(shown)

PZ-9001 – single hose \$736

Complete system—Metered

PZ-9001M – single hose \$2,207

## 3 gallon System\*

Tank only,

PZ-9010- \$723

Complete system—Manual

PZ-9012 – single hose \$1,100

Complete system—Metered (shown)

PZ-9012M – single hose \$2,335

## Manual extrusion wand

PZ-0002 – \$140

## Manual extrusion pistol

PZ-9902 – \$164

## Pneumatic injector

PZ-0080- \$459

Above with hand lever(shown)

PZ-0080-L- \$580

## Hose

### Hose for Manual systems

PZ-9914 – 12’ - \$24.70

PZ-999-1482C – Custom length hose - \$3.00/Ft\*

### Hose for Metered systems

PZ-9918-12 – 12’ glue hose w/integrated triple air lines - \$140

# Spectrum Adhesives

## Guided Semi-Automatic Systems

The semi-automatic systems add consistency and productivity to the metered tank systems. Choose Guided Semi-Automatic Systems where moving the work piece to the glue rather than the glue to the work piece, is desired.

### Typical Applications Include

- Stile and rail profiles
- Dovetail drawers
- Doweling
- Finger Joints

### Key Benefits

- Easily adjustable guides quickly assist in proper placement of work piece
- Custom glue nozzle assures glue is applied to the work piece where you want it
- Work piece-triggered metering dispenses the correct amount of adhesive every time
- Space saving table top design fits easily into existing work space
- Easy clean up (nozzle fits on water tap)
